- **About Mustard Tree**
Mustard Tree was established as a charity in 1994 by Dave and Shona Smith who started simply by taking food and drink onto the streets and spending time listening to those sleeping rough.

The charity is now based in a 21,000 ft² warehouse in Ancoats, Manchester and has over 10,000 registered clients from across the Greater Manchester area. The majority of the charity’s clients are referred from statutory agencies such as Manchester City Council teams, the Probation Service, the NHS and housing associations.

Mustard Tree remains committed to providing life support for the homeless, marginalised and vulnerable across Greater Manchester, serving these communities through the provision of food, clothing, furniture, training and creative projects. In 2012 Mustard Tree was presented with a Sieff Award by national organisation Business in the Community, recognising the charity’s collaboration with business for the benefit of society.
